## SKILLS

- Excellent knowledge of algorithm design/analysis developed through course work/projects
  - Elevated understanding of **Python, Java, HTML5, CSS3** built through courses/web design
  - Strong knowledge of Git, Subversion, Agile/Scrum methods developed in second year courses
  - Excellent problem solving skills gained while developing algorithms and deriving proofs
  - Outstanding communication skills obtained while leading a training program at McDonald's
  - Exceptional track record of teamwork built through extensive service and sales experience
- 

## EDUCATION

### University of Toronto Scarborough

September 2017 – Present

Candidate, Honours Bachelor of Science

- Computer Science, Software Engineering (Co-op) Stream, 2<sup>nd</sup> Year (cGPA: 3.46/4.0)
  - Received Entrance Scholarship (\$3000) and Dogwood Scholarships, British Columbia (\$1250 x 2)
- 

## TECHNICAL PROJECTS

September 2017 – Present

- Built a command line/shell with three teammates using Java, SVN, OOP, TTD, scrum methods, UML's, and unit testing which resulted in a better understanding for the development life-cycle
  - Designed a personal GitHub page using HTML5, CSS3, and Git after teaching myself how to use these technologies which resulted in an increased understanding of and passion for web design
  - Initiated the development of a promotional website using HTML5, CSS3, and Git for my former guitar teacher that will help him gain students in Toronto and improve my web design skills
  - Developed OO code for a priority queue in Python, improving knowledge of data structures
- 

## EXPERIENCE

### PowerPoint Developer

May 2018 - Present

University of Toronto Scarborough, Toronto, ON

- Constructed multiple sets of PowerPoint slides that explain recursion and how it is executed in Python to first year students, which improves their ability to understand and envision recursion

### Door to Door Marketer/Manager

February 2017 – August 2017

ShackShine, Victoria, BC

- Promoted to manager after continually leading the team in sales and exemplifying a consistent and positive attitude and excellent communication and leadership skills

### Swing Manager

April 2014 – September 2016

McDonald's, Victoria, BC

- Gained invaluable organizational, multi-tasking, communication, leadership, and management skills while managing shifts, the training and customer recovery programs, and weekly payroll
